New Business:	<p>On January 9th, EMBODI had a wonderful presentation on coping with school during the pandemic. The session touched on goal setting, organization, be preparing for the future and staying positive. Soror Trene and her son Isaiah were extremely relatable and knowledgeable and provided a comfortable environment for the students to freely express themselves regarding the struggle and concerns they have with distance learning. They were also able to help them come up with solutions to their concerns including lending a helping hand if they wanted to construct letters to their teachers and principles addressing their feelings. The presentation was packed with gems on how to create a more productive and beneficial distance learning experience.</p> <p>Our following session was held on February 6, 2021. Unfortunately we had to cancel it due to the fact that the majority of our participants were over 45 min late to the presentation.</p> <p>We last meeting was held on Tuesday February 9, 2021 at 6 pm. We spent the majority of our time brainstorming solutions to our attendance issue from the previous session, as well as preparing surveys to distribute to students and parents to get a better idea of their thoughts on this years program and how we can do better to address their needs.</p>
